KUKA Sunrise Cabinet.

The control system of the future

KUKA Sunrise Cabinet

User-friendly, versatile, communication talent and all-rounder.

More powerful, safer, more flexible and more intelligent. The “KUKA Sunrise Cabinet” controller offers the high performance and reliability of KUKA technology in a compact design. Its flexible configuration and the expansion capability that results from this make it a real all-rounder. The number of hardware components, cables and connectors has been significantly reduced and replaced by software-based solutions. The robust, high-quality controller is designed for low maintenance.
